## **System 1 HP6 Filter**

System 1 High Flow Filter  
Part No. 156140  
System 1 Remote Oil Filter Mount  
Part No. 156141

This remote mount oil filter system is ideal for oil return from the engine to the oil tank. Eliminates the need to clean all the oil lines and cooler in your car in case of engine failure. Mount this filter close to the engine before the oil coolers this will avoid the need to clean all the oil lines and coolers in case of an engine failure. These fantastic filters can tolerate very high pressures and also can be cleaned by the owner. Probably the best high-performance oil filter available

High flow oil filter (30 gallons /min), 1-1/2"-12 thread.	Part No. 156140	\$167.40
High flow filter mount for 156140 with -16 male fittings.	Part No. 156141	\$150.00
