911 Bump Steer  
Part No. 481210

### Installation:

- 1) Assemble as shown
- 2) Spacers maybe added under Steering rack to fine tune bump steer.
- 3) Torque nylock to 38 ft-lbs

**Note:** For more information on bump steer, its effect or just to better understand set-up we recommend the book "How to Make Your Car Handle" by Fred Puhn - HP Books - copyright 1976. Available from Amazon.com and other book stores

### When Installing ERP bump steer kit:

Leave off this washer. If this washer is used you will not be able to get proper toe-in setting.
